

Single Patient Task List

Perioperative nurses have partial tasking which allows the nurses to see tasks for specific orders placed in the perioperative area.

Reviewing Tasks are outlined for three specific types of orders:

- MEWS/PEWS/Sepsis
- Topical Patch Removal
- Blood Transfusion

When the Discern Alert window displays it will contain instructions on how to manage your patient.

MEWS/PEWS/Sepsis

DISCERN ALERT

NAME: CSTSNVERIFICATION, \$TPACUTWO

DATE: 28 February, 2018 08:53:27 PST

MRN: 700005575

BIRTH DATE: 01 July, 1972

AGE: 45 Years

LOCATION: LGH Lions Gate; LGH PACU 1; PACU 1

MEWS Score (8)
